WE ARE ASKING WOMEN FROM ALL AROUND THE WORLD, SHALL WE RAISE OUR VOICES IN THE SOCIAL MEDIA ON THE SAME DAY ?

[#AllWomenProtestViolence](#)

While Covid-19 pandemia devastates the whole world, governments are engaged in a discussion of the "new normal".

As women and LGBTI+ people from around the world we wish to take joint action against the escalation of violence in our lives in the context of patriarchy and coronavirus. Do we want to cry out that, in these days of pandemia and in the "new normal" we are together against violence, just as we were before the pandemia ?

We are calling on all to raise our voices from everywhere with the hashtag

Call:

Dear friends,

We send our love and greetings in the hope that you are doing well and your health is fine in these corona days.

Covid-19 pandemia is devastating the world and has its affect on everyone but the pandemia has far-reaching effects on women, the LGBTI+, refugee women and disabled women as well.

A call was issued for us to stay at home, overlooking the fact that home is not a safe place for most women, and disregarding the fact that there are homeless women or women who have to work. However, home is one of the most dangerous places for us. Quarantine

measures and lockdowns have resulted in exponential rises in violence against women and the LGBTI+ world over. We see that many states take no measures against this increase in violence while the measures taken by others are insufficient. The already inadequate mechanisms that women and LGBTI+ can resort to in the face of violence have become completely inoperative during this period of pandemia.

Therefore, we think it would be good if as women and LGBTI+ all over the world, we take action against this surge of violence in our lives in the context of patriarchy and coronavirus. In this context, we are making a call to raise our voices from all corners of the world with the hashtag ***#AllWomenProtestViolence** on May 28, 2020* (all the day round due to time zone differences). If you wish to join this call and wish to be part of the map where we will tag all the participating countries, you can contact us at [*kadinlarbirlikteguclu@gmail.com*](mailto:kadinlarbirlikteguclu@gmail.com)
