

Let's cross borders and strengthen Workers' International Unity! Towards a militant and successful year 2023 !

The International Coordination Group expresses its deepest and sincerest gratitude for all of your support and cooperation in our struggle for jobs and improvement of working conditions, against the destruction of the environment and natural resources, against imperialist war and for peace on earth.

Automotive Workers must speak up: We need a world without exploitation and oppression - towards international workers' unity !

Delegates from International Automotive Workers Coordination attending 3rd International Women's Conference of Grassroots Women in September 2022 in Tunis

Good luck, power and health in the New Year 2023 !
