

**»Once the peoples themselves speak,
they will quickly be united!«**
(Bertolt Brecht)

**Dear comrades,
dear friends of the ICOR,**

We send you and your organizations militant and revolutionary greetings for the turn of the year!

The working class and the peoples of the world do not want to perish in the capitalist barbarism of war, crises, fascism and environmental destruction. It is up to us to contribute to give a socialist perspective to their struggle and unite them worldwide.

We wish you and all of us optimism, clarity, fighting strength and health – and important steps in building ICOR and the anti-imperialist and anti-fascist united front!

Monika Gaertner-Engel,
General Coordinator of the ICOR
